

About Delray Medical Center

For more than 35 years, Delray Medical Center (DMC), has served the communities of South Palm Beach County. As both a community hospital and Level I Trauma Center located on a 42-acre medical plaza, DMC has the ability to offer several specialized services including cardiac care, orthopedics, rehabilitation, neurosciences, emergency care and more. To continually meet the needs of our growing community, DMC has recently expanded by adding a new patient tower, which includes 96 private patient rooms, a comprehensive cardiovascular clinic including cardiac rehabilitation, an expanded laboratory, the latest imaging technology, a rooftop helipad to expedite transfer of trauma patients and a five-level parking garage.

Our Mission

Through collaborative teamwork, we will provide quality-driven, innovative, safe, customer-focused services that exceed expectations.

Our Vision

To be recognized as the provider of choice where people come first.

Our Values

In order to achieve our Mission and Vision, we follow mutually held values:

Work Environment Excellence

- Our work environment is based upon teamwork, cooperation and continuous improvement. We encourage the participation and suggestions of each employee, patient, physician, volunteer and board member.
- Our greatest assets are our dedicated employees.
- Service Excellence is committed to Compassion, Connection, Communication and Competency.

Financial Viability:

- We are committed to maintaining our financial viability and to securing the resources necessary to meet the needs of our community.

Community Service

- We recognize and respond to the needs of our community, which includes patients, physicians, employees and others presenting for services, to the best of our ability and resources.
- We are committed to making a difference in the quality of life in the community we serve.
- We provide client, professional services in a safe, caring and respectful manner.
